

# Cosactive Avena 250

Cosactive Avena 250 is a very fine oat flour with a guaranteed avenanthramide content of 250 ppm.

Avenanthramide is a very powerful antioxidant that occurs naturally in oats. It has anti-inflammatory properties and reduces itching in irritated or neurodermatitis-prone skin. It also has a long-lasting soothing effect.

Cosactive Avena 250 can be used as an active ingredient for particularly sensitive skin, but also for baby care and care that may be needed after irritation caused by shaving, for example.

The 100% natural powder is GMO-free and non-irradiated.

## Processing

Ideally, Cosactive Avena 250 should be added to the active ingredient phase at below 40°C.

## Recommended concentration 1-10

## INCI

Avena Sativa (Oat)  
Kernel Flour,  
Avenanthramide

---

## Cosactive Avena 250 – a "superfood" for sensitive skin

Cosactive Avena 250 can be used in all skin care products, but is particularly suitable for the care of sensitive and irritated skin. The barrier-strengthening and anti-inflammatory powder is also an effective care ingredient in baby products.
